postdoctoral scholars. The program is designed to meet graduate students' career and professional development needs, preparing students for successful transition into thriving careers. Career Pathways offers two professional development programs and associated certificates:

- **Preparing Future Faculty (PFF)** - designed for graduate students interested in an academic career. Graduate students can earn the **PFF Certificate** by: (1) completing a mentored teaching experience; (2) creating a CV; (3) attending PFF and other professional development events; and (4) producing an ePortfolio to document and highlight their professional development and growth.
- **Preparing Future Professionals (PFP)** - designed for graduate students interested in a non-academic career such as in industry, non-profit/non-governmental organizations, or government agencies. Graduate students can earn the **PFP certificate** by: (1) developing an individual development plan; (2) creating a resume; (3) attending professional development events or completing professional development activities; and (4) producing an ePortfolio to document and highlight their professional development and growth.

The Career Pathways program is free, and is open to all ODU graduate students. Workshops are offered on campus and can be accessed via web conferencing. An archive of previously offered professional development workshops is also available for students to access 24/7.

Writing Center

The Writing Center provides supplemental instruction to help students improve their writing strategies. Instead of providing a proofreading service, the Writing Center offers tutoring sessions that assist students in learning to proofread their own work, in getting projects started, and in developing the writing process for a paper.

The Writing Center offers 45-minute appointments with graduate student tutors who work with individual students or with groups. Most tutoring sessions are by appointment; walk-in appointments are provided when tutors are not in a scheduled session. For online students, we use WOnline for online appointments. Students have the option of making standing appointments with tutors once per week, for up to four weeks at a time.

In addition to tutoring services for undergraduate and graduate students, the Writing Center will visit classrooms to provide writing lessons and group tutorials, and it offers a program called Graduate Student Write-Ins. Graduate Student Write-Ins are weekly retreats hosted by the Writing Center on Saturdays designed to provide a structured time for graduate students to focus on their writing without interruption in a supportive environment, and WC tutors are available for 30-minute appointments during the session.

The Writing Center is located at 1208 Perry Library. For more information, go to <https://www.odu.edu/al/centers/writing-center> (<https://www.odu.edu/al/centers/writing-center/>) or email writingcenter@odu.edu.
