

Certificate

# Supply Chain Management Certificate

Dr. Rafael Diaz, Graduate Program Coordinator

This certificate program is designed to help working supply chain professionals develop and enhance their supply chain management and leadership/planning skills. The program consists of four graduate courses that expose students to supply chain management and logistics, supply chain 4.0 and the superimposition of AI/ML, analytics, big data, and cybersecurity on supply chain processes, distribution center and material handling management, and strategic sourcing and supply management.

## Admission Requirements

All applicants admitted to the certificate program must meet Old Dominion University requirements for graduate admission: an earned baccalaureate degree from a regionally-accredited institution or an equivalent degree from a foreign institution. Those whose native language is not English must satisfy any one of the following: a minimum score of 550 on the paper-based TOEFL, a 79 on the TOEFL IBT, an overall 6.5 or higher on the IELTS, a 150 on the GRE’s verbal reasoning, a 480 on the GRE’s verbal, a 480 on the SAT’s critical reading, a 26 on the SAT’s reading test, an O level pass in English for the GCSE or GCE, or a C or higher on the CPE.

## Curriculum Requirements

The certificate is awarded based upon the student’s successful completion of 12 credit hours of graduate level courses in Supply Chain Management.
