# Interdisciplinary Studies with a Major in Women's and Gender Studies (BA)

Elizabeth Groeneveld, Chair, Department of Women's and Gender Studies  
 egroenev@odu.edu  
<https://ww1.odu.edu/womens-gender-studies> (<https://ww1.odu.edu/womens-gender-studies/>).

Women's and Gender Studies is a multi- and interdisciplinary field of study that examines gender in historical and contemporary contexts with an emphasis on women's lives and perspectives. This field of study values the complex intersections of gender, race, class, sexuality, ability, nation, and other identities.

The Interdisciplinary Studies program offers both a Bachelor of Arts and Bachelor of Science degree in Interdisciplinary Studies with a major in Women's and Gender Studies. Students in any discipline can also earn a graduate certificate in Women's Studies. These degrees enhance career opportunities in governmental and non-governmental agencies, law, criminal justice, public relations, journalism, counseling, the health professions, business, social welfare, education, and many other fields. They also provide a strong foundation for students interested in pursuing graduate work.

## Advising

To declare a Women's and Gender Studies major or minor, students must see an advisor in the Women's and Gender Studies Department. All Women's and Gender Studies majors are required to have a conference with their advisor before each semester (preferably during preregistration).

## Degree Program Guide

The Degree Program Guide is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

Lower Division General Education courses do not have to be taken in the exact order prescribed on the Degree Program Guide. Please consult with your advisor if you need to change the order.

## BA or BS to MBA (Master of Business Administration) Dual Dominion Program

The Dual Dominion BA/MBA or BS/MBA program is an early entry to the MBA program of study. The early-entry program is designed for well qualified non-business undergraduate ODU students to start their MBA program prior to completing their undergraduate degree. Well qualified non-business undergraduate students may take MBA-level courses as early as three semesters prior to graduation and count up to 12 graduate credits toward their undergraduate degree. Students participating in the early-entry program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Early-entry program students should carefully consider their undergraduate degree program requirements when planning their course of study. Students in the early-entry program work in close consultation with the MBA Program Office and should refer to information in the Strome College of Business section in the graduate catalog (<https://catalog.odu.edu/graduate/stromecollegeofbusiness/>) to develop an individualized plan of study based on the required coursework.

## BA or BS to MPA (Master of Public Administration) Dual Dominion Program

The Dual Dominion BA/MPA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the Dual Dominion program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).
