

Bachelor of Science in Dental Hygiene Dental Hygiene Post- Licensure Major (BSDH)

Tara Newcomb, BSDH Post-Licensure Online Program Director

The Bachelor of Science in Dental Hygiene (BSDH) Post-Licensure Online program is designed for students who have completed a certificate or associate degree from an accredited dental hygiene program and desire to continue their education toward a Bachelor of Science in Dental Hygiene. The program provides an opportunity for the licensed dental hygienist to gain knowledge, skills, and attitudes necessary for expanded career opportunities in education, oral health promotion, research, community and public health, management, and marketing. This program also provides a strong foundation for graduate studies. A minimum of 120 credit hours is necessary to obtain the baccalaureate degree. The length of time required to complete the program and University requirements is determined by the number of acceptable college transfer credits; at least 30 credit hours must be taken at Old Dominion University. Students can expect to complete the program in three academic semesters of full-time study. The BSDH Post-Licensure online program is available online or as a hybrid of online and on-campus courses.

Admission to the Bachelor of Science in Dental Hygiene Post-Licensure Online Program

A licensed dental hygienist educated at another institution who desires to pursue the Bachelor of Science in Dental Hygiene should apply and be accepted by Old Dominion University as an upper-level dental hygiene transfer student. Formal acceptance as a dental hygiene major will be determined by the Admissions Committee for the BSDH Post-Licensure Online Program. The School of Dental Hygiene BSDH Post-Licensure application must be submitted to the American Dental Education Association's Dental Hygiene Centralized Application Service (ADEA DHCAS) website (<https://www.adea.org/godental/apply/dhcas-application>) and must have "Verified" status to be considered complete and ready for review. Admission to the University does not constitute admission to the dental hygiene program.

Transfer applicants must meet the following requirements:

1. Certificate or associate degree in dental hygiene from a dental hygiene program accredited by the Commission on Dental Accreditation (CODA).
2. Successful completion of all University lower-level general education and department requirements.
3. Submission of **application to the Old Dominion University Office of Admissions** including official high school and college transcripts.
4. Acceptance to Old Dominion University.
5. Submission of completed **School of Dental Hygiene BSDH Post-Licensure application** to the American Dental Education Association's Dental Hygiene Centralized Application Service (**ADEA DHCAS**) **website** (<https://www.adea.org/godental/apply/dhcas-application>) with the following items:
 - a. Official transcripts from high school and college academic institutions attended
 - b. Copy of National Board Dental Hygiene Examination Score
 - c. Two professional letters of recommendation
 - d. Registered Dental Hygienist License

Additional Requirements and Information

Continuance

In addition to the Old Dominion University continuance policies, the following policy is specific to the BSDH Post-Licensure Online program. A grade of C (2.00) or better is required in all DNTH courses for graduation. A cumulative grade point average of a C (2.00) or better is required to continue in the dental hygiene program. A grade of D (1.00) or F in any dental hygiene course will not be considered in good academic standing in the

major and will result in an evaluation of the individual student's academic progress on a case-to-case basis. Dental hygiene students will be allowed to repeat a failed course only once.

One finding of a violation of the Code of Student Conduct for academic integrity is grounds for removal from the dental hygiene program.

Students admitted to the BSDH Post-Licensure Online program who do not take a course for two academic years or more, have completed reactivation with Old Dominion University, and are eligible to start or continue the BSDH Post-Licensure Online program based on the continuance policy, must submit the following updated document(s) prior to taking classes:

- Registered Dental Hygienist License

Dual Dominion Bachelor of Science in Dental Hygiene to Master of Science Program

Entry-level and BSDH Post-Licensure online dental hygiene students who have a cumulative 3.30 grade point average and senior standing may complete the Bachelor of Science in Dental Hygiene to Master of Science (BSDH-MS) dental hygiene Dual Dominion program application. This program allows exceptional undergraduate students the opportunity to take up to 12 credit hours of graduate course work and apply them to both the undergraduate and graduate degrees. Students in the Dual Dominion program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Consult with the graduate program director for more information.
