

Student Financial Aid

Office of Student Financial Aid

The Office of Student Financial Aid supports the mission of the University by assisting students and families seeking educational programs at Old Dominion University. The Office administers financial aid programs funded by federal, state, University, and private sources in the form of grants, federal work-study programs, and merit and need-based scholarships. Also, federally supported loans are offered to qualified applicants through Federal Direct Subsidized Loans, Federal Direct Unsubsidized Loans, and Federal Direct PLUS loans. Alternative loan options are also available to support educational goals.

The information regarding financial aid contained in this Catalog is subject to changes or deletions without notification as regulations, policies, and/or procedures shift. Federal and state regulations governing the administration of student financial aid are subject to unanticipated changes, which may require shifts in office practices. For updated information, visit the website at <https://www.odu.edu/financial-aid> (<https://www.odu.edu/financial-aid/>) or the Old Dominion University home page at www.odu.edu (<http://www.odu.edu/>).

Financial Aid Eligibility

The University offers a variety of awards each year to qualified students who have been admitted into degree programs. Financial aid is offered on the basis of academic achievement and/or financial need. Financial need is determined by subtracting a student's Student Aid Index (SAI) from their estimated Cost of Attendance (COA).

The Student Aid Index (SAI) is the eligibility index used to determine a student's eligibility for most need-based student financial aid. Generally, students with a higher SAI are eligible for less need-based financial aid. It is based upon the information provided by the student and their family on the FAFSA.

The Cost of Attendance (COA) consists of the sum of educational costs payable to the school (also referred to as direct or billable costs) and costs paid to others (or indirect, non-billable or discretionary) costs. The COA represents the highest dollar amount of financial aid a student can receive during an award year.

To be eligible for assistance from the most aid programs, a student must be:

- a citizen or an eligible non-citizen;
- be admitted and enrolled as degree seeking in an eligible program;
- not be in default or owe a repayment or refund on a federally guaranteed loan or grant;
- be in good academic standing (making Satisfactory Academic Progress).

Certain aid programs require a student to maintain a full-time status.

Some aid programs may require verification that students who were required to register with Selective Service have done so. Students who meet these criteria and need to take action will be notified.

Some awards are designated only to Virginia residents while others are not restricted by residency.

One exception to the requirement that students must enroll in a degree-seeking program applies to students admitted for purposes of teacher certification who apply for a William D. Ford Federal Direct Loan.

Financial aid eligibility is determined on an annual basis, for one academic year (fall and spring semesters). Not all students will be eligible for summer aid.

Applying for Financial Aid

Free Application for Federal Student Aid (FAFSA)

Submitting a completed and signed FAFSA initiates the process of applying for financial aid. The information provided by the student (and his/her parents) is used by the University and other awarding agencies to determine financial need and general financial aid eligibility. When filing the 2026-27 FAFSA, tax information for 2024 will be submitted. When prompted, enter Old Dominion University's Title IV Institution Code (003728). Old Dominion University encourages students to take advantage of the electronic FAFSA option on the web at <https://studentaid.gov/>, which is a secure and convenient method for completing the application process. In order to complete the FAFSA electronically, all applicants and parents of dependent applicants must create a login to the Federal Student Aid website at <https://studentaid.gov/fsa-id/create-account/launch> (<https://studentaid.gov/fsa-id/create-account/launch/>).

After the FAFSA is submitted, the federal processor will send the information to ODU for review. Students will then be contacted with information on their financial aid eligibility or notified if additional information is required (see information below regarding Financial Aid Timeline).

The FAFSA must be filed each year for which the student is requesting aid. FAFSAs received by the federal processor before university established priority deadlines receive priority consideration.

The FAFSA priority date is March 1 for all students (priority consideration as funds are available). The FAFSA should be submitted as early as possible beginning in October preceding the academic year requested. For example, the FAFSA for 2026-2027 became available in October 2025. Priority awards of grants funded by the Commonwealth of Virginia and the Federal Supplemental Educational Opportunity Grant (FSEOG) Program are awarded to eligible students whose FAFSA is received by the federal processing agency no later than the established University priority deadlines each academic year of interest. Awards are offered on a first-come, first-served basis and dependent on fund availability.

Applying for Scholarships

Consideration for the Annual and Endowed Scholarships administered by the University, is based on whether the student is newly admitted or a continuing student. All admitted students are automatically considered based on their Admissions application, which must be received by March 1 preceding the academic year of interest.

Continuing students must submit the Scholarship Application for Continuing Students, which can be found online at: <https://forms.odu.edu/view.php?id=473376>. The application must be received by the University by March 1 preceding the academic year of interest.

Financial Aid Processing Timeline and Details

Students who submit a FAFSA and meet the eligibility criteria described above will be notified of their tentative financial aid when it becomes available. Announcements of financial aid eligibility for new students are generally made before May 1. Continuing students are notified of their eligibility for the upcoming year after the end of each spring semester. [KH1] (https://olddominion-my.sharepoint.com/personal/khaynes_odu_edu/Documents/UG%20Catalog%20Updates%20-%20Clean.docx#_msocom_1)

Students are encouraged to monitor the status of their applications for aid and subsequent processing by accessing their records on the University's secure online site, LEO Online Alerts, reminders, and student-specific information regarding additional requirements are emailed through the University's secure email system throughout the year, and students are responsible for reading and responding to these communications.

Verification Process

Students may be selected for a process called verification. This is a federally mandated process to confirm the accuracy of data provided by selected applicants on the FAFSA. To complete the verification process, the student, their parent(s), or spouse, if applicable, are required to provide certain documents to the school for review. If the documentation the student

provides the institution doesn't match what was reported on the FAFSA, verification can result in changes to the student's financial aid eligibility, and/or financial aid offers.

Continuing/returning students selected for verification will be required to complete the verification process prior to receiving a financial aid offer. This means that required verification documents must be received and processed prior to the receipt of an aid offer.

The verification review process may take up to two weeks or longer during peak processing periods.

Types of Financial Aid

Please note that most types of financial aid are disbursed on a semester-by-semester basis, and eligibility must be re-confirmed prior to release.

Federal Financial Aid Programs

Students must submit the Free Application for Federal Student Aid (FAFSA) to determine eligibility for all of the following federal financial aid programs.

Federal Pell Grant

The Pell Grant is a federal grant program designed to assist undergraduate students in low- and moderate-income households to pay for college. The award amount is based on the cost of the institution, SAI, and enrollment status, and is subject to an aggregate limit.

The Pell Grant can only be awarded to undergraduate students who have not yet earned a bachelor's degree.

Federal Pell Grant Eligibility for Dependents of Deceased Service Members and Safety Officers

Students may be eligible to receive a maximum Pell Grant, even if they are not eligible for a Federal Pell Grant based on their SAI, if

- they meet the remaining Pell Grant eligibility requirements;
- their parent or guardian died in the line of duty while either (a) serving on active duty as a member of the U.S. armed forces on or after Sep. 11, 2001; or (b) actively serving as and performing the duties of a public safety officer; and
- they are under 33 years old as of Jan. 1 of the year prior to the start of the school year (i.e. Jan. 1, 2026, for the 2026-27 school year).

To determine eligibility, the Office of Financial Aid may request additional documentation.

Federal Supplemental Educational Opportunity Grant (FSEOG)

A federal grant provided by the institution to qualified undergraduate students who demonstrate exceptional financial need and does not need to be repaid. The amount of funding from this program varies by institution.

This grant is made to students who demonstrate exceptional financial need and must be Pell grant eligible. Students who meet all other eligibility criteria and whose FAFSAs were received by the federal processor no later than Old Dominion University's priority deadlines are considered for this grant. It is awarded on a first-come, first-served basis. Federal funding for this program is extremely limited.

Federal Work Study (FWS) Program

Federal Work-Study provides funding for part-time jobs for undergraduate and graduate students with financial need. Unlike grants and loans, FWS is paid to students as they earn the funds by working.

The FWS program encourages community service work such as tutoring and work related to the course of study. A student who qualifies for FWS is not automatically guaranteed employment. Students must apply for available positions and cannot be a participant of the Learn and Earn Advantage Program (LEAP)*.

The Center for Career & Leadership Development, located at 2202 Webb University Center, maintains a listing of available positions across campus in

Handshake, which can be accessed via their website at <https://www.odu.edu/cds> (<https://www.odu.edu/cds/>).

CDS also manages the following FWS programs for the University: Student Temporary Assistance Team (STAT), Community Service Internship (CSI), America Reads Tutoring and America Counts Tutoring. Contact the CDS at (757) 683-4388 for information on completing the application process for these CDS managed programs.

*The Learn and Earn Advantage Program (LEAP)

This program offers first and second year undergraduate ODU students the opportunity to be selected for part-time on-campus jobs with ODU departments and Regional Higher Education Centers. Jobs over the last two semesters averaged 10-15 hours per week with students making \$12.00 per hour for a total maximum of \$3,000 per academic year. Students who do not have Federal Work Study awards and have financial need as determined by the Financial Aid Office will receive a LEAP award letter as funds allow.

Students must meet minimum GPA requirements each semester, successfully complete the UNIV 130 LEAP course and have satisfactory work supervisor evaluations and recommendations to remain eligible. A limited number of positions are available each semester and are filled by the order of completed University employment application packets received by the Center for Career & Leadership Development. Contact the Center at (757) 683-4388 for more information about the application process.

Federal Direct Student Loan Programs

Old Dominion University participates in the Federal Direct Loan Program, which allows eligible students and parents to borrow directly from the U.S. Department of Education at participating colleges or universities. Federal student loans include Direct Subsidized, Direct Unsubsidized and the Direct PLUS programs for parents of dependent students.

Federal Direct Subsidized Loans

A Direct Subsidized Loan is an undergraduate federal student loan based on financial need and offers students a reduced, fixed interest rate and flexible repayment terms. Interest is subsidized, meaning it does not accrue to the borrower, while in an in-school, grace, or deferment period. Annual and aggregate limits apply.

Only undergraduate students may be eligible and must be enrolled at least half time. Like all other forms of aid, loans are disbursed to student accounts on a semester-by-semester basis, and eligibility must be re-confirmed prior to release.

Federal Direct Unsubsidized Loans

An unsubsidized loan offers students a fixed interest rate and flexible repayment terms. It is not based on financial need. Interest begins to accrue when the loan is disbursed and can be paid while the student is enrolled or when loan repayment begins. Annual and aggregate limits apply.

Federal Direct Parent Loan for Undergraduate Students (PLUS)

Direct Parent PLUS Loans are federal loans that parents of dependent undergraduate students can use to help pay for education expenses. Parents must pass a credit check for adverse credit history to qualify for PLUS loans.

Applications for these loans are completed on-line at <https://studentaid.gov/>. Parents are responsible for all payments and interest charges.

Please note that new Parent PLUS Loan borrowers will be restricted to annual and aggregate loan limits beginning with loans borrowed on or after July 1, 2026. Some parent borrowers may be exempt from these limits, but that will be based on a review of eligibility according to federal rules and regulations. Borrowers from before July 1, 2026 should contact the Office of Financial Aid to determine whether they meet the requirements for exemptions from the new loan limit rules.

State Financial Aid Programs

The Virginia Student Financial Assistance Program (VSFAP) was established to assist students with financial need. VSFAP Funds are used for need-based grants to Virginia resident undergraduates or for assistantships and fellowships to graduate students. As funds are limited, they are awarded on a first-come, first-served basis, with students meeting the priority FAFSA

receipt deadlines established by the University given first consideration. Awards are limited to 125% of degree (cannot exceed 150 attempted credits). Specific Satisfactory Academic Progress requirements that are more rigorous than those for federal financial aid eligibility consideration apply. Interested students are encouraged to visit the State Council of Higher Education for Virginia web site at <http://www.schev.edu> (<http://www.schev.edu/>) for detailed information and program regulations and guidelines.

Commonwealth Award

In order to be eligible for a Commonwealth award, a student must be admitted into a Virginia public two- or four-year college or university, a domiciliary resident of Virginia as defined by the Code of Virginia 23-7.4, demonstrate financial need as determined by the institution (FAFSA required), be enrolled at least half-time in an eligible baccalaureate program, a U.S. citizen or eligible non-citizen, and otherwise eligible for federal financial aid. This is a grant and does not have to be repaid. The actual awards vary by institution and are based on funds available. The awards may not exceed tuition and required fees. Additional restrictions, such as minimum GPA or maximum hours attempted, affecting state grant eligibility may be enacted during the period covered by this catalog.

Virginia Guaranteed Assistance Program (VGAP)

To be eligible for a VGAP award, a student must meet all Commonwealth award requirements and must also be a graduate of a Virginia high school, have a minimum cumulative high school grade point average of 2.5 on a 4.0 scale. A student generally enters the VGAP program as a freshman. Awards may be renewed for up to three additional years provided that the student meets the renewal conditions, and that funding is available. Renewal of the VGAP grant is dependent upon several factors: maintaining full-time continuous enrollment, maintaining domiciliary residency in Virginia, demonstrating continued financial need, maintaining a college grade point average of least 2.0 on a 4.0 scale, or equivalent, and maintaining the satisfactory academic progress standards of the institution for federal student aid programs. Students must also have advanced class levels upon completion of each full year of award received (VGAP is restricted to no more than two semesters per class level: freshman, sophomore, junior, senior). As with all other aid programs, audited courses do not count toward full-time enrollment. Participation in the VGAP program is limited to four years of eligibility. Additional restrictions, such as minimum GPA or maximum hours attempted, affecting state grant eligibility may be enacted during the period covered by this catalog.

Virginia Military Survivors and Dependents Education Program (VMSDEP)

The Virginia Military Survivors and Dependents Education Program (VMSDEP) is a Commonwealth of Virginia program that provides education benefits to spouses and children of qualifying veterans who have been rated by the U.S. Department of Veteran Affairs (USDVA) (<https://www.va.gov/education/survivor-dependent-benefits/>) as totally and permanently disabled or at least 90 percent permanently disabled as a result of military service or qualifying military service members killed, missing in action, taken prisoner, or who have been rated by the USDVA as totally and permanently disabled or at least 90 percent permanently disabled as a direct result of involvement in covered military combat. Military service includes the United States Armed Forces, United States Armed Forces Reserves, or the Virginia National Guard. VMSDEP assists survivors and dependents of qualified veterans or service members in attaining their educational goals.

The Virginia Department of Veterans Services (VDVS) (<https://www.dvs.virginia.gov/home/showpublisheddocument/148/638538872385700000/>) is responsible for certifying eligibility for benefits under the Virginia Military Survivors and Dependents Education Program.

The State Council of Higher Education for Virginia (SCHEV) (<https://www.virginia.gov/agencies/state-council-of-higher-education-for-virginia/>) and Virginia's public colleges and universities are responsible for applying the financial aid benefits (tuition/fee waiver, stipend) available under VMSDEP.

Benefits are available for up to eight semesters, the equivalent of four academic years.

Students who are certified by VMSDEP are eligible for educational benefits (a waiver of tuition and mandatory fees). **Housing and meals are not included.**

In addition, as funds are available, eligible students may receive a stipend to offset other educational expenses incurred by the student, such as room, board, books, and supplies. Please note that the stipend will **not be available** for the advance purchase of books.

Only students appearing on the verification rosters released by SCHEV to the institutions will be funded for the terms specified as authorized, regardless of certification/verification from any other source.

Stipends Priority Funding System for Fall and Spring

Because there may not be sufficient funding to make full VMSDEP stipends to all eligible students, a priority funding system will be used to determine the order and number of stipends. Students in a higher Priority category must receive their full projected annual stipend, as determined by SCHEV based on student enrollment level before subsequent categories are considered for funding. Only students appearing on the verification rosters released by SCHEV to the institutions will be funded for the terms specified as authorized, regardless of certification/verification from any other source.

To apply for VMSDEP, students must submit the application on the Virginia Military Survivors web site <https://www.dvs.virginia.gov/>.

Once approved, students are required to report enrollment plans via the VMSDEP portal for each term they wish to use benefits within the established open and close dates. Once the request is approved by VMSDEP, the student's name will be placed on the roster in the VMSDEP portal. The student's financial aid account will be noted with the enrollment and expected tuition amount. Please note VMSDEP only covers the tuition costs. Housing and meals are not included. Tuition payment may be adjusted for enrollment changes or tuition charge revisions.

The student's name must match the name listed in the ODU system to be processed. For example, if the name listed with VMSDEP is Bobby Smalls, the ODU name listed must also be Bobby Smalls. It cannot be Bob Smalls or Robert Smalls. VMSDEP funds cannot be processed if the student names do not match in both systems. It is strongly encouraged to have the student social security number on file to prevent processing delays. The student's domicile/residency must also be determined. Submit the request for in-state tuition form or contact the Office of the Registrar for assistance. Students with a pending domicile status cannot be processed.

VMSDEP can only pay the authorized term tuition charge. Late fees may be assessed if the student is not listed on the portal in a timely manner and will be the responsibility of the student.

Other Veterans Benefits

VMSDEP is handled by the Office of Financial Aid Office. All other Veterans programs are handled by the Military (<https://www.odu.edu/virginia-health-sciences/financial-aid/>) Benefits and Certification Services Office (<https://www.odu.edu/virginia-health-sciences/financial-aid/>).

Information about the administration of education assistance under the Veterans Administration may be obtained from the VA website: www.va.gov. Students wishing to use their VA benefits at Old Dominion University may find further information on the Military-Affiliated Certification Office <https://www.odu.edu/military-connection>.

Satisfactory Academic Progress (SAP) Policy

Effective Fall 2026

To be eligible for federal, state, and institutional financial aid, students are required to maintain Satisfactory Academic Progress (SAP). The regulations provided by the U.S. Department of Education (USDE) are in place to ensure students are making timely and effective progress toward their degree with reasonable debt. Old Dominion University (ODU) has established

its own SAP policy to adhere to USDE regulations while ensuring student success.

The following information provides an in-depth understanding of the SAP requirements that students must meet to be eligible for financial aid. It is important to note that these standards are specific to financial aid and may differ from the University's or colleges' academic standing and progress policies and scholarship eligibility requirements. Students should refer to the University Catalog to review these requirements.

ODU SAP policy will be updated to reflect any changes in federal regulations. Students affected by any changes will be notified via email.

Satisfactory Academic Progress Review Procedure

Campus Undergraduates and Graduate Students

The Office of Student Financial Aid (OSFA) evaluates Satisfactory Academic Progress (SAP) annually at the end of the spring semester once all grades are posted. Students in this review include undergraduates, graduates, both full-time and part-time, who have filed the Free Application for Federal Student Aid (FAFSA). This is a cumulative review of all semesters regardless of whether the student received financial aid during a particular academic year or their degree status (non-degree or degree-seeking).

Potential Delays to Financial Aid Disbursement for SAP Reviews

To review SAP, all grades from the prior term must be posted to the student's official academic record. If all grades are not posted, it impacts the required SAP review process. Financial aid for students with a campus code of record will not be disbursed to their account until SAP has been evaluated.

SAP Standards

To meet SAP at ODU and to maintain eligibility for financial aid, including loans, students must meet the following three standards:

1. GPA Requirement

Students must maintain a minimum cumulative grade point average (2.0 for undergraduate students and 3.0 for graduate students).

The GPA is calculated only for those credits taken at ODU and includes ODU courses that may have been taken without receipt of financial aid. Federal regulations limit the number of times a student may repeat a course and receive financial aid for that course. Ineligible repeated courses are excluded from the GPA calculation.

ODU does not round up to meet the minimum GPA requirements.

Example: A graduate student who has a 2.99 cumulative GPA does not meet the minimum GPA requirement.

2. Pace of Progress

Students must successfully complete a minimum percentage of their cumulative attempted credits (67% for undergraduate students and 80% for graduate students).

Pace of Progress is calculated by dividing the cumulative number of credits successfully completed by the cumulative number of credits the student has attempted. This calculation includes transfer credits awarded by ODU. Transfer credit awarded for standardized examinations such as AP, IB, Cambridge Advanced A/AS, and CAPE are also included in the calculation.

Attempted credits include every credit hour students have enrolled in, including repeated courses, failing, or incomplete grades, and withdrawals. Credits successfully completed are those for which grades A, B, C, D, P, and XP are earned. Unsuccessful completion of coursework is defined as grades including I, IP, F, W, WF, and Z. These grades count as attempted credits, but do not count as successfully completed credits. Audited classes are not counted towards Pace of Progress nor counted in enrollment for financial aid eligibility.

Old Dominion University uses standard rounding criteria when determining Pace of Progress.

Example 1:

An undergraduate student attempts 63 credits and successfully completes 48 of them.

$$48 \div 63 = 76.2\%$$

The undergraduate student HAS MET this SAP standard because their completion rate exceeds the required 67%. The minimum number of credits this student could complete and still be meeting this standard is 42 ($42 \div 63 = 66.7\%$, ODU follows standard rounding for this measure).

Example 2:

A graduate student attempts 18 credits and successfully completes 14 of them.

$$14 \div 18 = 77.8\%$$

The graduate student would NOT be meeting this SAP standard because their completion rate falls below the required 80% for graduate students. The minimum number of credits this student must complete in order to meet this standard is 15 ($15 \div 18 = 83.3\%$, which does exceed the requirement).

3. Maximum Timeframe:

Students are expected to complete their degree requirements in a timely manner. Undergraduate and graduate students are eligible for aid for total attempted credits up to 150% of their published program length.

A student who completes the academic requirements for their program, but whose degree has not yet been conferred, is not eligible for further federal aid for additional coursework. This pertains to students with double majors and non-required minors or concentrations. Students pursuing a double major or non-required minor/concentration should complete those requirements simultaneously while completing their primary major/program requirements.

An undergraduate student failing to meet SAP due to exceeding maximum timeframe who has also been accepted into an ODU graduate program should contact OSFA to update their SAP status.

Attempted credits include every credit hour students have enrolled in, including repeated courses, failing, or incomplete grades, and withdrawals. Credits successfully completed are those for which grades A, B, C, D, P, and XP are earned. Unsuccessful completion of coursework are grades of I, IP, F, W, WF, and Z. These grades count as attempted credits, but do not count as successfully completed credits.

Transfer credits awarded by ODU are included in this calculation, to include the awarding of credit through standardized examinations (e.g., AP, IB, Cambridge Advanced A/AS, CAPE). Audited classes are not counted towards Pace of Progress nor counted in enrollment for financial aid eligibility.

Example 1: An undergraduate student is enrolled in a program that requires 120 credit hours to earn their degree will have eligibility for aid suspended after attempting more than 180 credit hours (150 percent of the 120-credit hour published minimum length of the program).

Example 2: A graduate student has attempted 43 credits in a program that requires 30 credit hours for completion. The student has completed 20 credit hours that apply to the degree and needs to take an additional 10 credits. This student will lose aid eligibility after attempting more than 45 credit hours (150 percent of the 30-credit hour published length of the program).

Notification of Satisfactory Academic Progress

The Office of Student Financial Aid (OSFA) will send an email notification to students who have **not** met SAP standards, stating their ineligibility for financial aid and their financial aid suspension. The email will include the reason(s) the student failed to meet SAP and will explain SAP appeal procedures. Students who have met SAP requirements will not receive any type of notification.

If a student's grades or records change after the annual SAP calculation, it is the student's responsibility to self-report to OSFA so their SAP can be re-evaluated for aid eligibility.

Students who do not meet SAP standards may file an appeal to regain federal financial aid eligibility. Students who do not appeal shall remain on suspension until SAP standards are met. Financial aid suspension does not prohibit students from continuing their education at Old Dominion University. However, it prohibits students from receiving federal financial aid. Students may not regain eligibility for federal aid by taking classes at another institution or by nonattendance at ODU. Alternative loans may be certified for students not meeting SAP if the lender approves the loan, regardless of SAP status.

Appeal Procedures

Appeals and supporting documentation must be submitted in a timely manner. Deadlines for filing appeals are provided in the email notification students receive. The decision of the Office of Student Financial Aid (OSFA) is final and cannot be appealed.

Students awaiting a response from the SAP Appeal Review Committee are responsible for paying their tuition and other fees by the payment deadline to avoid late and collection fees.

Students pursuing an appeal to gain eligibility for financial aid must include their reason(s) for the appeal with **supporting documentation** for consideration. Extenuating, unplanned circumstances such as the following may be reasons for an appeal:

- **Death in the family.** Students must describe how this person was related to them (e.g., parent, spouse, sibling). Documentation of the death, such as a copy of the death certificate, should accompany the appeal.
- **Disabling illness or injury to the student.** Documentation from the student's medical provider should be included in the appeal.
- **Disabling illness or injury of immediate family members** that require student's care. Documentation from a medical provider should accompany the appeal.
- **Emotional or mental health issues** for students who require professional care. Students should include supporting documentation from their medical provider, social worker, or other trained professional.
- **Other exceptional circumstances beyond the student's control** (e.g., divorce/separation, natural disaster, extreme change in financial or legal circumstances) accompanied by documentation.

Undergraduate and graduate students who fail to meet SAP due to maximum time must indicate reasons for the delay. In support, their advisor or department chair must complete a SAP Advisor form indicating classes that must be taken and the term they will be taken and the student's expected graduation date.

Documents submitted in support of appeals are not returned to students.

Notification of Appeal Decision

SAP appeals are reviewed when all documentation is received. Notification of the appeal decision is emailed to the student's Old Dominion University email address within 10 business days.

Approved Appeals

If the appeal is approved, students are placed on SAP probation and are provided an academic plan/contract whereby specific conditions must be satisfied to demonstrate progress toward degree completion. The academic plan/contract is an agreement between the student and OSFA with the intent of student success. Acceptance of the approved plan/contract by the student supersedes all other SAP regulations if the student is meeting benchmarks in the plan.

Benchmarks are evaluated each term by OSFA. If benchmarks are met, the student maintains their eligibility for aid. Students who fail to meet the benchmarks may submit another appeal with documentation if the reason for the new appeal differs from the initial appeal.

Denied Appeals

Should the student's appeal be denied, students remain in SAP suspension. Students may regain eligibility for aid upon returning to SAP standard compliance.

Academic Circumstances that Affect Student Status

Enrollment circumstances impact financial aid eligibility and SAP status. Many of these circumstances are described below.

- **Changes in majors, double majors, double degrees, or minors** may cause students to reach their maximum attempted hours and lose eligibility before earning a degree.
- **Withdrawing from courses or from ODU** may impact financial aid awards. Before withdrawing from class, students should contact OSFA to determine the consequences.
- **Incomplete grades, in-progress grades, missing grades and failing grades** are considered attempted credits but do not count as completed until final grades are submitted for the course.
- **Repeated courses** count as attempted credit hours each time students register for them but count as earned credits only once for federal aid eligibility. Therefore, the repeated courses count toward the cumulative allowed maximum and reduce a student's pace of progress ratio.

Conditions for Disbursement of Financial Aid

The Office of Student Financial Aid publishes a "Statement of Student Responsibility & Conditions for Release of Financial Aid" document each academic year. This statement is included with the initial award notification mailed to the student and is also accessible on the Financial Aid Office page of the University web site <https://www.odu.edu/financial-aid> (<https://www.odu.edu/financial-aid/>). When students accept financial aid, they also acknowledge that they have read and agree to comply with the Statement. A limited sample of conditions is as follows:

Statement of Student Responsibility & Conditions for Release of Financial Aid

- **INITIAL NOTIFICATIONS OF FINANCIAL AID ARE TENTATIVE.** Initial financial aid notices assume that students will enroll at the **full-time** level (12 or more credits for undergraduate and 9 or more credits for graduate). If students enroll less than full time (three-quarters-time, half-time or less than half-time), it is the student's responsibility to notify the Financial Aid counseling team if the enrollment level or **student type** changes (examples: change from degree seeking to certificate program, from undergraduate to graduate, residency revisions out-of-state to in-state, etc.). It is essential that the student **communicate** any changes in enrollment level or student type with their Financial Aid team during the period leading up to the beginning of each semester as changes may impact the student's aid eligibility. **Undergraduate students must report December graduation plans as federal loans must be prorated, per federal regulations.**
- Financial aid can be credited to students' University accounts only after certain conditions have been met, including, but not limited to, timely receipt of requested documents needed to verify information provided on the FAFSA and appropriate enrollment for the term. Students receiving loans must be enrolled at least half-time (6 hours undergraduate or 4 hours graduate) and maintain Satisfactory Academic Progress standards as stated in this Catalog. **Failure to meet the standards of Satisfactory Academic Progress will result in loss of eligibility and automatic cancellation of previously offered federal and state aid.**
- If financial aid has not been disbursed (paid to the student's account with the University) by the tuition deadline, **the student is NOT automatically dropped from classes for non-payment.** Students must actively drop or withdraw from courses prior to the tuition deadline to be relieved of charges for courses dropped. Drops and withdrawals

after the tuition deadline are subject to the policies enumerated in this Catalog.

- Decisions made by financial aid administrators at other institutions relative to dependency status, special circumstances, or financial aid awards are not automatically accepted by Old Dominion University.
- **The student is responsible for repayment of any federal, state, or University and outside agency aid received as a result of unreported or misreported information discovered through verification, third-party notices, account reviews, and/or Quality Assurance findings.**
- The student is responsible for reporting additional educational assistance received through sources other than the Financial Aid Office. Financial aid may be adjusted in compliance with federal regulations as a result of additional educational assistance received and not reflected in the financial aid notification letter. **The student bears responsibility for reporting any additional aid in the form of scholarships from outside groups, Unfunded Scholarships, Graduate Tuition Waivers, Meal scholarship waivers, Senior Citizen Tuition Waivers, Employer Assisted Tuition Payments, Third-Party Payment Agreements involving any outside group or company etc., and all other forms of assistance.** The student must report these external sources of financial assistance in writing or via email immediately to his/her financial aid counseling team.
- New Federal Direct Loan student borrowers must complete a Direct Loan Master Promissory Note (MPN) online at <https://studentaid.gov/mpn/> before the loan process can be completed. Students will receive requirement notifications when their MPN is ready for completion.
- All **first-time loan borrowers** and students who have not borrowed through the Federal Direct Loan Program within the past two years must, by federal regulation, complete a **loan entrance counseling** session before loan proceeds can be credited to the student's financial account. **Failure to comply with this requirement will prevent release of loan funds and may result in cancellation of loans, even if the student has submitted a complete Master Promissory Note (MPN). This requirement may be satisfied online at <https://studentaid.gov/entrance-counseling/>.**
- **ATTENTION – UNDERGRADUATE TRANSFER STUDENTS:**
Student loan eligibility is determined by student classification (freshman, sophomore, junior, senior). It is possible that not all academic transcripts from other institutions will have been evaluated at the time of initial aid eligibility determination; therefore, the classification entered by the student on the FAFSA is used to determine loan eligibility. **Once all transcripts have been evaluated, eligibility for Federal Direct Student Loans may require downward adjustment if the official classification is lower than the classification entered on the FAFSA.**
- Eligibility for financial assistance is based upon FAFSA (Free Application for Federal Student Aid) information provided by the student and their family. The FAFSA must be filed each year. FAFSAs received by the federal processor before **March 1** preceding the fall semester receive **priority** consideration. Aid for students whose FAFSAs are received by the federal processor after April 1 may not be ready by the fall semester tuition deadline. Students should make alternate financial arrangements for tuition payment, books, and other education-related expenses.
- **Financial aid eligibility may change with adjustments to enrollment level or student type.** Students who drop courses are responsible for notifying the financial aid counselor **immediately**. Aid will be reduced accordingly. If a student drops classes, **financial aid may need be repaid to the University**. Students will be notified of updates that require repayment. This also applies to "balance-of-aid" payments made to students before dropping.
- If the student adds a course(s) after the financial aid has been applied to the account and refund issued, the student is responsible for the balance owed.
- Students who withdraw from **all** courses are subject to regulations regarding the **Return of Title IV funds**. If a student completely withdraws from all courses in a semester, a review will be completed to determine whether the student completed at least 60% of the academic

semester. If they withdrew prior to completion of at least 60% of the semester, a prorated portion of all federal student financial aid will need to be repaid by the student. State student financial aid may also be repaid on a prorated basis. Students will receive a notification of any required repayments after their withdrawal is evaluated. The University policy regarding tuition refunds following withdrawal is stated in the Catalog and is independent of the Return of Title IV funds regulations.

- **Students who withdraw from the University before more than 60% of the semester has elapsed should anticipate repaying a significant portion of Title IV and state financial assistance.**
- **Additionally, students who failed to earn a passing grade during the term are subject to the same federal guidelines.**
- A notice of tentative financial aid eligibility assumes a level of federal and state appropriations that are frequently undetermined at the time of preparation. If legislative bodies fail to provide the anticipated funding level, it may be necessary to reduce or cancel certain types of aid, particularly grants. Students will be notified immediately if such changes become necessary. Students are strongly encouraged to check their ODU email accounts often.
- **The Office of Student Financial Aid reserves the right to review, modify or cancel financial aid at any time based on information affecting student eligibility, including but not limited to changes in financial resources, residence, academic status, student type, enrollment level, the availability of funds, and/or Satisfactory Academic Progress requirements.**
- **The student is responsible for Catalog information.** Students are held individually responsible for the information contained in the Catalog and on the Financial Aid webpage. Failure to read and comply with university regulations will not exempt students from whatever penalties they may incur.
- **Students may receive financial aid from only one institution during any given period of enrollment (semester).**
- **Students are limited to 12 semesters (or 600%) of Federal Pell Grant eligibility during their lifetime. This affects all students regardless of when or where they receive their first Pell Grant.**

Scholarships

Merit-Based Scholarships

All entering fall freshmen students who submit their admission application, and ALL required credentials are considered for merit-based scholarships offered through the Old Dominion University Office of Admissions. The admissions application serves as the merit-based scholarship application.

Information related to First-Year Student Scholarships can be found on the Admissions web site.

Annual and Endowed University Scholarships

Scholarships at Old Dominion University have been established through the generosity of individuals, organizations and corporations to recognize outstanding academic performance and to assist students in pursuing their educational goals. Scholarship awards are based on a variety of criteria. For some awards, eligibility is entirely determined by academic merit or potential. Other requirements might include demonstrated financial need, field of study, state or city residency, graduation from a particular high school or participation in a specific program, organization or activity. Generally, recipients have earned at least a 3.4 grade point average (on a 4.00 scale) and are full-time, degree-seeking students.

All first-time freshmen and transfer students will automatically be considered for academic and endowed scholarships based on their admissions application. The majority of scholarships offered to Old Dominion University students are based on information already known to the University via the student's admissions application and the Free Application for Federal Student Aid (FAFSA).

New incoming freshman and transfer students have the opportunity to identify institutional scholarship interest by selecting "YES" to the institutional scholarship indicator when completing an admissions

application. New students will be able to select from various scholarship options listed with in the admissions application.

Incoming freshmen are automatically considered for merit-based scholarships based on academic performance. Merit-based scholarships are managed by the Office of Admissions; financial need is not required.

The Scholarship Form for Continuing and Graduate Students is available for students who have a change in scholarship eligibility according to the Criteria Check List (included in the Scholarship Form). Continuing students who meet the above circumstances must complete and submit the form to the Office of Student Financial Aid, 2002 Rollins Hall, Norfolk, VA 23529-0052.

The form must be received by March 1 each year to be considered for scholarships for the following academic year. The information provided on the Form for Continuing and Graduate Students will be maintained and used for scholarship selection for the duration of the student's attendance at Old Dominion University.

It is not necessary to complete the form more than once during attendance at Old Dominion University, UNLESS the required information has changed. To determine eligibility for need-based scholarships (designated by an asterisk (*), students must also file the Free Application for Federal Student Aid (FAFSA). FAFSAs received by the federal processor before university established priority deadlines receive priority consideration. The FAFSA priority date is March 1 for all students (priority consideration as funds are available).

Selection procedures vary for these awards. All scholarships require admission to and enrollment in a degree program at Old Dominion University. For some scholarships, a portfolio, an audition, or participation in a specific program may be required. The additional steps, if required, are summarized following each scholarship description.

Students will receive written notification of any scholarship for which they have been selected. Most scholarships will be awarded in April through August of each year.
