Academic Success Initiatives

Housed inside the Student Success Center, Academic Success Initiatives (ASI) empowers all to thrive academically, personally, and professionally. Academic Success Initiatives provides an inclusive environment dedicated to building authentic relationships and community, fostering meaningful learning experiences, and collaborating with all as they pursue their passion and purpose. In partnership with the Provost, Vice Provost and other University leaders, this area is responsible for the coordination of academic success programs across the University.

ASI includes five offices:

- Office of Advising Administration
- Office of Academic Innovation & Learning Support
- Monarch Internship & Co-op Office
- Office of Study Abroad
- TRiO Programs: TRiO Upward Bound, TRiO Student Support Services, and TRiO McNair Scholars

In collaboration with the academic colleges and other partners across campus, these units provide a diverse array of services and programs for undergraduate students. Staff work to ensure students learn about academic programs and majors; connect to campus peers, groups, and others with similar interests; make academic plans, monitor progress, and reach short- and long-term goals; engage in active learning and work-based learning programs; find and use academic support services; and showcase skills, talents, and abilities.

Center for Career and Leadership Development

The Center for Career and Leadership Development (CCLD) empowers undergraduate and graduate students and alumni in their career and leadership development from their first day as Monarchs through graduation and their careers. Through strategic collaboration with campus and community partners, CCLD offers several programs and services that support ODU students and alumni in their career and leadership exploration, learning, development, and achievement.

Individual and small group career coaching, electronic assessment tools, and workshops on career exploration, professional development, and the job search are available to assist students and alumni in their career and leadership development. Students may sign up for an appointment with a career coach via Handshake or by visiting the office during drop-in coaching hours or joining a virtual Coaching Corner. CCLD also provides students with experiential learning opportunities through leadership seminars, service-learning course partnerships, career treks, job shadowing, mentorship opportunities, and living-learning and theme communities. Students can also volunteer in and receive support from the Monarch Pantry and Monarch Clothing Closet.

The Center for Career and Leadership Development collaborates with on- and off-campus organizations through ODU Handshake to post open jobs of all types, including permanent full-time positions, part-time work and internships, and on-campus roles. Handshake is a powerful interactive web-based system available for free to students and alumni. This Handshake database contains employer information, career information, a career events calendar and interview schedules, and the means to electronically apply for positions posted. Handshake is the primary tool used by CCLD to communicate with students about various career opportunities and events to help students succeed at Old Dominion University and into their careers.

The Student Employment Program is designed to assist students in locating on- or off-campus, part-time, seasonal, and Federal Work-Study (FWS) or Learn and Earn Advantage Program (LEAP) positions for those who

qualify. CCLD works with students and supervisors on the procedural and professional development aspects of student employment practices on campus.

Career and internship fairs are held twice a year and are supplemented by specialized fairs for specific populations. Employers are also present on campus through information and tabling sessions, as well as workshops and other events. Additional opportunities to connect with employers through internships and work-based learning experiences are coordinated by ODU's Monarch Internship and Co-Op Office (odu.edu/internship).

More information is available by calling the CCLD main office at 757-683-4388 during normal office hours, via email at cclld@odu.edu, or on the website at <http://www.odu.edu/career-leadership>. Staff members are also available in 2202 Webb Student Center.

Educational Accessibility

The Office of Educational Accessibility (OEA), located at 1021 in the Student Success Center, is dedicated to providing students with disabilities access to higher education. The University offers accommodations and services depending on documentation presented by the student. It complies with Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, and its Amendments of 2008. For students with specific learning, medical, psychological, physical or mobility, visual, hearing, or temporary and other challenges, reasonable accommodations are afforded. Students with disabilities benefit greatly from the accommodations and other supportive services offered by the Office of Educational Accessibility, which also significantly contribute to their academic performance.

All students must submit the proper documentation and register with OEA to receive help. Instructions for registering and guidelines for documentation can be found at <https://www.odu.edu/accessibility> (<https://www.odu.edu/accessibility/>). Calling (757) 683-4655 will provide more detailed information. Interactions between students and OEA are kept confidential and private. OEA expects new students who require interpreters to contact them at least 45 days before registration to prepare. As soon as a student has pre-registered for a semester, they must pre-register for accommodations for themselves.

An overview of compliance standards can be found at <https://ww1.odu.edu/equity/>.
